

# Association Management and Public Affairs Offer

**Lighthouse Europe is a government affairs consultancy that specializes in European strategies and public affairs.**

## Lighthouse Europe's beliefs

- Economic actors need to anticipate regulatory developments and adjust their strategy and business model to remain competitive;
- Understanding European and national issues is essential for a company to ensure its compliance with regulation and to protect its interests;
- To be influential among European-level decision-makers, the various interest groups must make their voices heard in an effective way;
- Lighthouse Europe enables its clients to deal with regulatory issues and assists them in building a strategy to develop new products, comply with regulatory requirements, and defend their interests.

## Lighthouse Europe's added value

- ▲ With **offices in Brussels and Paris**, we have a **deep understanding of several European Member States** (Germany and Italy) and **other countries** (the USA, Canada and the UK), we can offer an extensive scope of action.
- ▲ Our **dynamic team** of public affairs professionals has **expertise in numerous key areas**, such as law, economics and communications, and is multilingual (English, French, German, Italian, Maltese, Spanish) allowing us to support an international clientele.
- ▲ Our consultancy can help you to **reach multiple stakeholder networks** through our membership in the **Cercle des Délégués Permanents Français** (CDPF), the **Brussels Group** and the **CCI France Belgique**.
- ▲ A **boutique consultancy** that has **demonstrated expertise and public affairs successes** in the field of **digital** and related policies, both at European and national level.
- ▲ Partnerships with **Momentum Avocats** and **Vae Solis Communication** giving us support for legal works and public relations.
- ▲ The Brussels office is located in the French and Belgium Chamber of Commerce, which gives us privileged access to **key players of the upcoming French Presidency of the Council of the EU**.
- ▲ The Brussels office offers **all services needed for association management purposes** (meeting rooms, offices, domiciliation and secretariat).
- ▲ Our consultancy can also drive project management aimed at applying for EU funding.

**Lighthouse Europe has successfully helped several associations and trade federations to support their management and to achieve their public affairs goals:**

▲ **Daily management by helping the permanent team to:**

- Organize internal meetings of members or working groups – preparation of agenda, presentation, facilitation, minutes and follow up
- Draft positions and find a consensus on a given policy priority
- Build an outreach campaign to spread the entity's positions to the relevant policymakers and advocate for the sector
- Management of targeted projects supporting the public affairs goals of the entity (e.g. drafting guidelines)

▲ **Renewing the public affairs strategy by:**

- Identifying the priorities given the political and regulatory context
- Proposing a series of actions and deliverables
- Defining a timeline for the unfolding of the strategy according to the legislative agenda

▲ **Customized solutions to maximize the impact of their advocacy efforts:**

- Build events around an ongoing issue
- Create coalitions with other sectors and various stakeholders on a specific policy
- Expand their actions at national or European levels
